...

Current ratings: 2.50. While production of the standard Beetle continued, a Type 1 variant called the Super Beetle, produced from model year 1971 to 1979 (1302s from 1971 to 1972, and 1303s from 1973 onwards), offered MacPherson strut front suspension, better turning radius (despite having a 20 mm (3/4 in) longer wheelbase), and approximately double the usable space in the front luggage compartment, due to the stretched "nose" of the vehicle and relocation of the spare tire from a vertical ...
