Training internists who achieve excellence through compassionate care. It's a great time to be an internal medicine resident at UTHSC! At every level in the system, innovation is thriving and the internal medicine program is no different. In addition to operating on a 3+1 block system and an ever more robust ambulatory curriculum, the program utilizes the SIM Center, interactive applications and ultrasound technology to create enriching learning experiences.

Internal Medicine Residency Program | UTHSC

Statement on Racial and Social Injustice. The University of Utah Internal Medicine program is committed to ending discrimination, and to learn how to be effective advocates. Individual and structural racism persist in our society, and causes both needless suffering and disease. As physicians, acknowledging racism is not enough—to be advocates for justice and public health we must be anti-racist.
