Business Agility requires that everyone involved in delivering solutions—business and technology leaders, development, IT operations, legal, marketing, finance, support, compliance, security, and others—use Lean and Agile practices to continually deliver innovative, high-quality products and services faster than the competition.

Business Agility - Scaled Agile Framework

Measure agile ways of working to enhance EX in agile teams. The leader of EX should deploy mechanisms (e.g., pulse surveys and behavior tracking) that measure the experience of employees in the agile pods, and the agile team leaders should act on those insights to further enhance ways of working.
