the social and economic limits- and possibilities of-education in addressing these fundamental problems. This new reader establishes the field of sociology of education with a particular focus on papers that analyse the nature and extent of globalization in education.

Education, Globalization, and Social Change: Amazon.co.uk ...

Summary. Few would deny that processes of globalization have impacted education around the world in many important ways. Yet the term “globalization” is relatively new, and its meaning or nature, conceptualization, and impact remain essentially contested within the educational research community. There is no global consensus on the exact time period of its occurrence or its most significant shaping processes, from those who focus on its social and cultural framings to those that hold ...

Globalization and Education | Oxford Research Encyclopedia ...

Education brings social change both to the individual and the community at large. Teachers are the agents of change, education the stimulus and the students are the recipients and preservers of change. At the individual level, education eradicates ignorance.
