Attestations. The svartálfar are almost only attested in the Prose Edda (the word does appear in Ektors saga ok kappa hans, but is presumably borrowed from the Prose Edda). The svartálfar mentioned in Skáldskaparmál 35 are the Sons of Ivaldi, whom Loki engages to craft replacement hair for Sif, wife of the god Thor, after Loki mischievously sheared off her golden tresses.

Introduction: Internal Folklore | SpringerLink

This new study by Alaric Hall explores the earliest evidence for elves, with special attention to the traditions of Anglo-Saxon England. Since the evidence is mostly non-narrative, his method is to scrutinize the semantics of words with which elves are associated and contrasted, and to compare neighboring traditions, especially the closely-related elf traditions of early Scandinavia.

Anglo-Saxon elves [Old English *ælf*e] are one of the best attested non-Christian beliefs in early medieval Europe, but current interpretations of the evidence derive directly from outdated nineteenth- and early twentieth-century scholarship. Integrating linguistic and textual approaches into an anthropologically-inspired framework, this book reassesses the full range of evidence.
