Environmental Diplomacy argues for "nearly self-enforcing" agreements that ensure compliance without threatening sovereignty and maintains that new institutional arrangements are within reach. Susskind builds on the work of the Program on Negotiation at the Harvard Law School and the International Environmental Negotiation Network to offer guidelines for more effective global agreements that provide for sustainable development.

## **ENVIRONMENTAL DIPLOMACY SUSSKIND PDF**

Environmental diplomacy can be broken into two general categories: conventions regulating the use of natural resources, and conventions regulating pollution. In each case, the central problem is that political boundaries rarely reflect biological boundaries, so that as national economies consume resources and produce pollution, they spread environmental problems far beyond their national boundaries.
