Fighters Over The Falklands: Defending The Islanders' Way of Life. In many ways, this is quite an unusual book to review for this British Empire website. Most books reviewed here are concerned with the dim and distant past with very many of the actors and events firmly disappearing into the realms of history. In this case, David Gledhill's book covers the recent past and covers issues which still have a relevance and resonance for today.

### **Fighters Over The Falklands: Defending The Islanders' Way ...**

Well now, this book of David Gledhill accomplishes the other books excellent and makes the story about the Falklands and the British, who defend the islands, complete. In *Fighters over the Falklands* the author tells how the United Kingdom in 1982 engaged into the conflict with the Argentinians who had occupied the Falklands and everything what happened afterwards on the islands till 2013.

Most were from the tropical regions of the country and so were unused to the Arctic weather of the Falklands. Personal hygiene among the troops was poor, and in the climate of the Falklands, this led to rampant medical problems. Although most Argentinians were ecstatic about the seizure of the Falklands, few wanted to fight Great Britain for them.

### **Argentine Military Effectiveness at the Falkland's I ...**

The Argentine Air Force (Fuerza Aérea Argentina; FAA) had never considered the possibility of waging a long-range naval air campaign against a major NATO power. It was not trained or equipped for such a mission. The FAA had only two tanker aircraft to serve the whole air force and navy, and its fighter-bomber Mirage IIIs and IAI Daggers were not equipped for aerial refuelling.

"Fighters Over The Falklands" captures daily life using pictures taken during the author's tours of duty on the Islands.

### **Fighters Over the Falklands: Defending the Islanders' Way ...**

Overview. Fighters Over the Fleet is an account of the parallel evolution of naval fighters for fleet air defense and the ships they sought to defend. This volume concentrates on the three main advocates of carrier warfare: the Royal Navy, the U.S. Navy, and the Imperial Japanese Navy. Because radar was not invented until the mid-1930s, fleet air defense was a primitive effort for flyers during the 1920s.
