Its All About Speedy Trains | calendar.pridesource

The entire route was completed in 1992. The national French rail company started its first full high-speed line, between Paris and Lyons, on September 27, 1981, with top speed of 260kmph. This photo taken on September 1, 1964 shows the inauguration ceremony for Japan's first bullet train service, the Tokaido Shinkansen, in Tokyo.

Train speeds over the years - Everything you wanted to ...

Even a super-authoritarian state like China can't log every single person using its trains, and many people are presumably counted multiple times for different trips. Still, even if no one's buying a season ticket and logging endless individual journeys, 1.5 billion is still a crazy number. Crazier still is that it's only going to get bigger.

10 Fascinating Facts About China's High-Speed Trains ...

PARIS (AP) — The high-speed train whooshing past historic World War I battle zones and through the chateau-speckled Loire Valley carried a delicate cargo: 20 critically ill COVID-19 patients and the machines helping keep them alive. The TGV-turned-mobile-intensive-care-unit is just one piece of France's nationwide mobilization of trains, helicopters, jets and even a warship, deployed to relieve congested hospitals and shuffle hundreds of patients and hundreds more medical personnel in ...
