...  
[ Life on Mars ] is by turns intimate, even confessional, regarding private life in light of its potential extermination, and resoundingly political, warning of a future that 'isn't what it used to be,' the refuse of a party piled with 'postcards / And panties, bottles with lipstick on the rim.', Hypnotic and brimming with irony, the poems in Smith's latest volume aren't so much about outer space as the interior life and the search for the divine. . . .

that explores a wide variety of issues: grief, illness, pop culture, the weather and David Bowie. What drew me in further was how Smith linked her poems through space and science fiction imagery to question who we are and what we are doing at this moment.

## **Life on Mars by Tracy K. Smith - Goodreads**

Life on Mars begins with a series of poems in section one that focus on visions of the future and meditations on outer space and the universe. The poem "Sci-Fi" describes the poet's predictions for the future while "My God, It's Full of Stars" and "The Universe is a House Party" explore the expansiveness and chaos of space and time.

"In Life on Mars, Smith shows herself to be a poet of extraordinary range and ambition. It's not easy to be so convincing in both the grand gesture and the reverent contemplation of a humble plate of eggs. . . . As all the best poetry does, Life on Mars first sends us out into the magnificent chill of the imagination and then returns us to ourselves, both changed and consoled."

### **Summary and reviews of *Life on Mars* by Tracy K. Smith**

*Life On Mars* is a collection of poems from Tracy K. Smith, and considering that it won the Pulitzer Prize for poetry, it hardly needs my stamp of approval. But since poetry doesn't sell well due to the tyrannical collective-rule of prose, pop music, film, and television, I think it is important to promote such works.
