## **How to Orchestrate and Arrange Music**

Overview. Orchestrating is a highly complex technique and to many, even those with academic training, a mystery fraught with a labyrinth of hazards. What is required, along with innate talent and general musicality, is the practical "know how." This is hard to achieve without actual professional experience and contact with "live" orchestras.

## **Music Arranging and Orchestration by John Cacavas ...**

Orchestration is the art and craft of arranging a musical composition for performance by an orchestra or other ensemble. Orchestrators are often used in film and television, not because composers do not know how to orchestrate their own music for orchestra, but because of the time constraints.

My method of writing string arrangements involves two distinct phases, which we can call composition and orchestration. I start by working out the essence of the arrangement on a keyboard (composition), then decide how to assign it to a real-life ensemble (orchestration).

## **Arranging For Strings: Part 1 - Sound on Sound**

In music, an arrangement is a musical reconceptualization of a previously composed work. It may differ from the original work by means of reharmonization, melodic paraphrasing, orchestration, or development of the formal structure. Arranging differs from orchestration in that the latter process is limited to the assignment of notes to instruments for performance by an orchestra, concert band, or other musical ensemble. Arranging "involves adding compositional techniques, such as new thematic mat
