ghosts, and fairies.

Religion and the Decline of Magic: Studies in Popular ...

In virtually every high-income country, religion has continued to decline. At the same time, many poor countries, together with most of the former communist states, have also become less religious. From 2007 to 2019, only five countries became more religious, whereas the vast majority of the countries studied moved in the opposite direction.

The Global Decline of Religion - Foreign Affairs

First we can look at the cycle of change in religion which seems to follow the 309.6 year cycle which is, of course, the 8.6-year frequency. The second is to look at the derivative of the 8.6-year which produces a target for a major collapse in religion, which is underway at this time, by 2033.

The Decline & Fall of Religion? | Armstrong Economics

Membership in religious bodies has declined from more than 75 percent to 62 percent. And the number that gets all the attention is the “nones,” the Americans who claim no religion. That’s now 25 percent, compared to just 5 percent in 1960. It’s hard to see that trend reversing with the unprecedented disruption of COVID-19.

Ancient Rome - Ancient Rome - Culture and religion: Expansion brought Rome into contact with many diverse cultures. The most important of these was the Greek culture in the eastern Mediterranean with its highly refined literature and learning. Rome responded to it with ambivalence: although Greek doctrina was attractive, it was also the culture of the defeated and enslaved.
