The Bonobo And The Atheist

Rich with cultural references and anecdotes of primate behavior, *The Bonobo and the Atheist* engagingly builds a unique argument grounded in evolutionary biology and moral philosophy. Ever a pioneering thinker, de Waal delivers a heartening and inclusive new perspective on human nature and our struggle to find purpose in our lives.

The Bonobo and the Atheist: In Search of Humanism Among ...

He is not feverishly opposed to organized religion, though he is an atheist. He is opposed to the kind of violence that any kind of fundamentalist mind-set can bring. He describes empathy, and, by extension, morality as a mammalian and certainly a primate thing.

The Bonobo and the Atheist: In Search of Humanism Among ...

The Bonobo and the Atheist In this lively and illuminating discussion of his landmark research, esteemed primatologist Frans de Waal argues that human morality is not imposed from above but instead comes from within. Moral behavior does not begin and end with religion but is in fact a product of evolution.

The Bonobo & the Atheist In Search of Humanism Among the Primates. Book. In this lively discussion of his landmark research, esteemed primatologist Frans de Waal argues that our capacity for moral behavior does not begin and end with religion, but instead comes from within as a product of evolution.

The Bonobo and the Atheist | Book

THE BONOBO AND THE ATHEIST ... 2010, etc.) explores the roots of empathy and altruism, concluding that neither religion (despite its historical influence) nor law (despite its ideological heft) is the root cause of the human inclination to act morally. Instead, the author argues, biology is responsible for our instinctual understanding of right ...

The Bonobo and the Atheist: In Search of Humanism Among ...

It's quite clear that he believes in the possibility of a more compassionate society, a humanistic society, and he wants us to join him. In *The Bonobo and the Atheist*, de Waal (an atheist himself) calls for "a reduced role of religion, with less emphasis on the almighty God and more on human potential." What he takes issue with is dogmatism; both religious dogmatism and atheistic dogmatism.

The Bonobo And The Atheist [EPUB]

The Bonobo and the Atheist is an enlightened examination of the ethical heuristics that guide and help sustain the survival of a variety of social animals that are not privy to the lofty notions of gods, philosophy, or religion.

WHAT DID THE BONOBO SAY TO THE ATHEIST

In *The Bonobo and the Atheist*, de Waal takes the discussion of empathy into the domain of community concern and morality and he finds this too to be a legacy of evolution. Cooperation and Competition The Age of Empathy often uses observations of chimpanzee behavior to demonstrate the emotional bonding that creates a community of social animals.

The Evolution of Human Morality: The Age of Empathy and ...

"The bonobo would first of all urge the atheist to stop "sleeping furiously." There is no point getting all worked up about the absence of something, especially something as open to interpretation as God." — Frans de Waal, *The Bonobo and the Atheist: In Search of Humanism Among the Primates*

The Bonobo and the Atheist Quotes by Frans de Waal

The Bonobo and the Atheist: In Search of Humanism among the Primates focuses on human genetic relatives and their behavior, which helps to realize from where people's morality originate as well as to understand the correlation of one's primal and modern self. Philosophers have differed from one another in opinion about the human nature.
