The Lewis Chessmen Objects In

Made from walrus ivory some time between AD 1150 and 1200, the Lewis Chessmen are iconic artefacts from the early medieval period. This concise book provides a guide to the history of these chess pieces including the story of their discovery in 1831, followed by skulduggery, deception and controversy as they were sold off to various parties including the British Museum, where most of them are found today.

The Lewis Chessmen (Objects in Focus): Robinson, J ...

The Lewis chessmen or Uig chessmen, named after the island or the bay where they were found, are a group of distinctive 12th-century chess pieces, along with other game pieces, most of which are carved from walrus ivory. Discovered in 1831 on Lewis in the Outer Hebrides of Scotland, they may constitute some of the few complete, surviving medieval chess sets, although it is not clear if a set as originally made can be assembled from the pieces. When found, the hoard contained 93 artifacts: 78 che

The Lewis Chessmen consist of elaborately worked walrus ivory and whales' teeth in the forms of seated kings and queens, mitred bishops, knights on their mounts, standing warders and pawns in the shape of obelisks. They were found in the vicinity of Uig on the Isle of Lewis, but were probably made in Norway, in around 1150-1200 AD.

The Lewis Chessmen - British Museum Shop

The Lewis Chessmen are an important symbol of the development of European civilisation. They were probably made in Norway, about AD 1150-1200. At this period, the Western Isles, where the chess pieces were buried, were part of the Kingdom of Norway, not Scotland. It seems likely they were buried for safe keeping on route to be traded in Ireland.

3D Printable Lewis Chessman - the Warder by Scan The World

The Icelandic-Norwegian war over the origin of the Lewis Chessmen – they are a collection of chess pieces, handcrafted in the 12th century from walrus tusks and whale teeth and discovered on the Isle of Lewis – continues with unabated (academic) vigor. In this installment it is Norway's turn to claim heritage over the chessmen.
