The Struggle for Identity in a Market-Based Society. It was the twentieth-century Italian social theorist Antonio Gramsci who gave us the concept of a hegemonic ideology—an ideology that has so successfully beaten out its competitors that it no longer appears to be an ideology at all; instead, it assumes the character of common sense, departure from which indicates ignorance, error, eccentricity, or even madness.

Over the course of American History women have fought against male domination for equality and identity based upon their own definition. At times the struggle for woman's identity has progressed and at other times it has retreated. In many ways, the struggle for woman's identify shows that women will not be stopped, only delayed. Eventually, the hostility of the struggle for woman's identity reveals that women can achieve everything they set out to gain.
