Thus, the "two oceans" in his Majma' al-bahrayn refers to the Hindu and Islamic traditions, each of which he regarded as a repository of knowledge and wisdom (a la Islamic monotheism). In Dara's final analysis, each of these traditions is a reflection of the other. Dara, a Sufi, had a deep interest in and appreciation for Hindu mystical ideas.

The two-fold lesson begins with an experiment that demonstrates water evaporating and coming back down. The lesson is meant to give students a general understanding of earth's oceans. In the end, students should realize that water in the ocean evaporates into the atmosphere and comes back down as precipitation.
